Green Attributes: Non-electric. Non-radioactive.
No hazardous materials. Long life.
Near-zero maintenance.
Listings and Codes: UL 1994 listed. IBC, IFC & NFPA compliant.

Active Safety 320 Series Egress Path Marker.

A durable PVC photoluminescent marker strip that is applied directly onto the walls, floors and door frames of stairwell landings and exit pathways. The marker strips are attached with an adhesive backing tape applied at the factory. Automatic operation requires only 1 footcandle of charging illumination under normal conditions. Long life and near-zero maintenance ensure the system will always be available to support client safety during normal operations and emergencies.

Ordering Format (example: 320 – PVC – 1/2 – 48)

SERIES	CONSTRUCTION	WIDTH	LENGTH
320 – Egress Path Marker	PVC - PVC plastic with adhesive backing	1/2 - 1/2" 1 - 1.0" 2 - 2.0"	52 - 52"

48" & 52" length
